

Silhouette Portrait™

The Silhouette Portrait™ is a smaller, lighter version of the popular Silhouette CAMEO® electronic cutting tool. Like the CAMEO, the Portrait connects to your computer, allowing you the freedom to cut all your fonts, download thousands of designs from the Silhouette Online Store, or design shapes of your own with the included software.

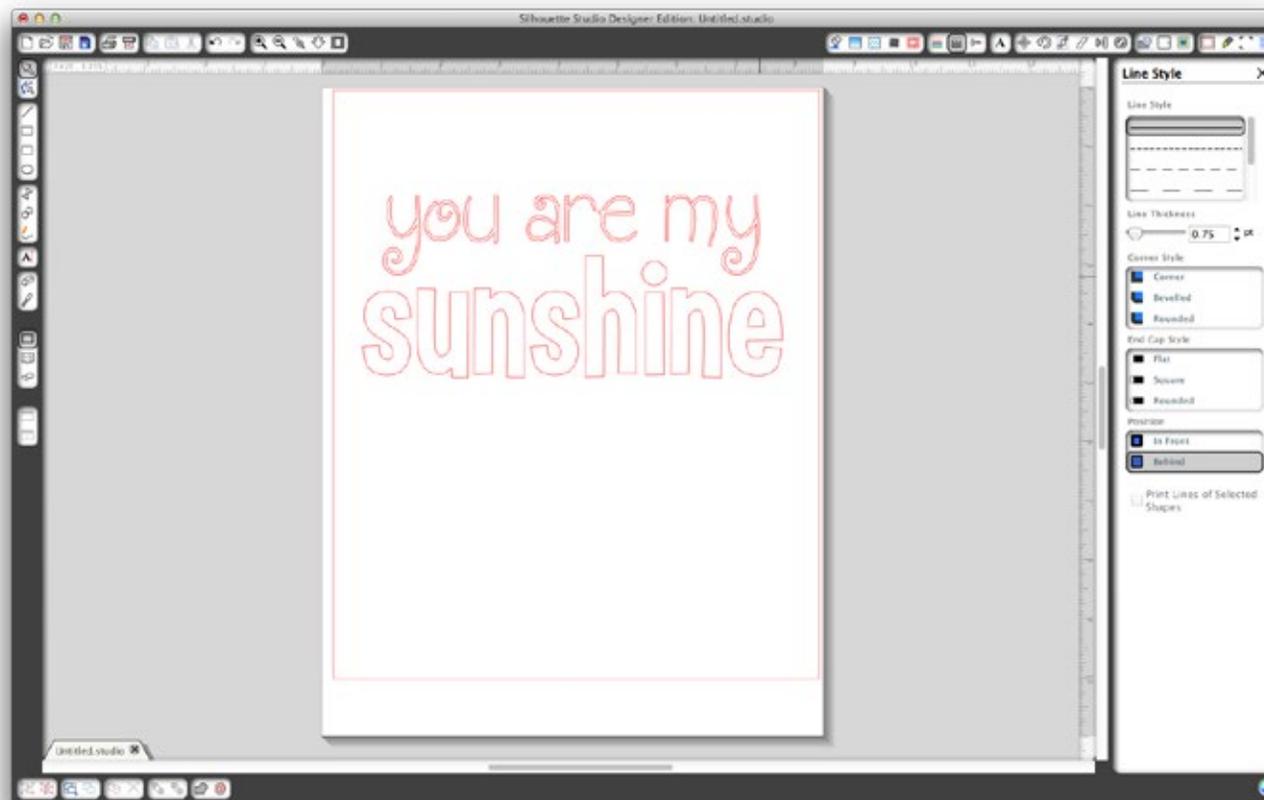

Silhouette Portrait™

What can you do with your Silhouette Portrait™?

Cut fonts already installed on your computer

Chances are, you already have dozens of fonts on your computer. With the Portrait, you can use them to cut out any combination of words you want—in any size.

Silhouette Portrait™

Resize designs and text from 1/4" to 8" wide and 10' long

The Portrait is designed around the standard 8.5"x11" dimensions of sheet materials. All Silhouette products, including heat transfer vinyl, are available in a size compatible with the Portrait.

Silhouette Portrait™

Cut a variety of materials including:

- cardstock
- magnet paper
- fabric
- heat transfer material
- transparencies
- wood paper
- paper
- vellum
- adhesive vinyl

Silhouette Portrait™

Use the Silhouette with your home printer to create detailed, full-color cutout designs

The Silhouette Portrait™ has an optical scanner that reads registration marks printed with your design and cuts precisely around the image.

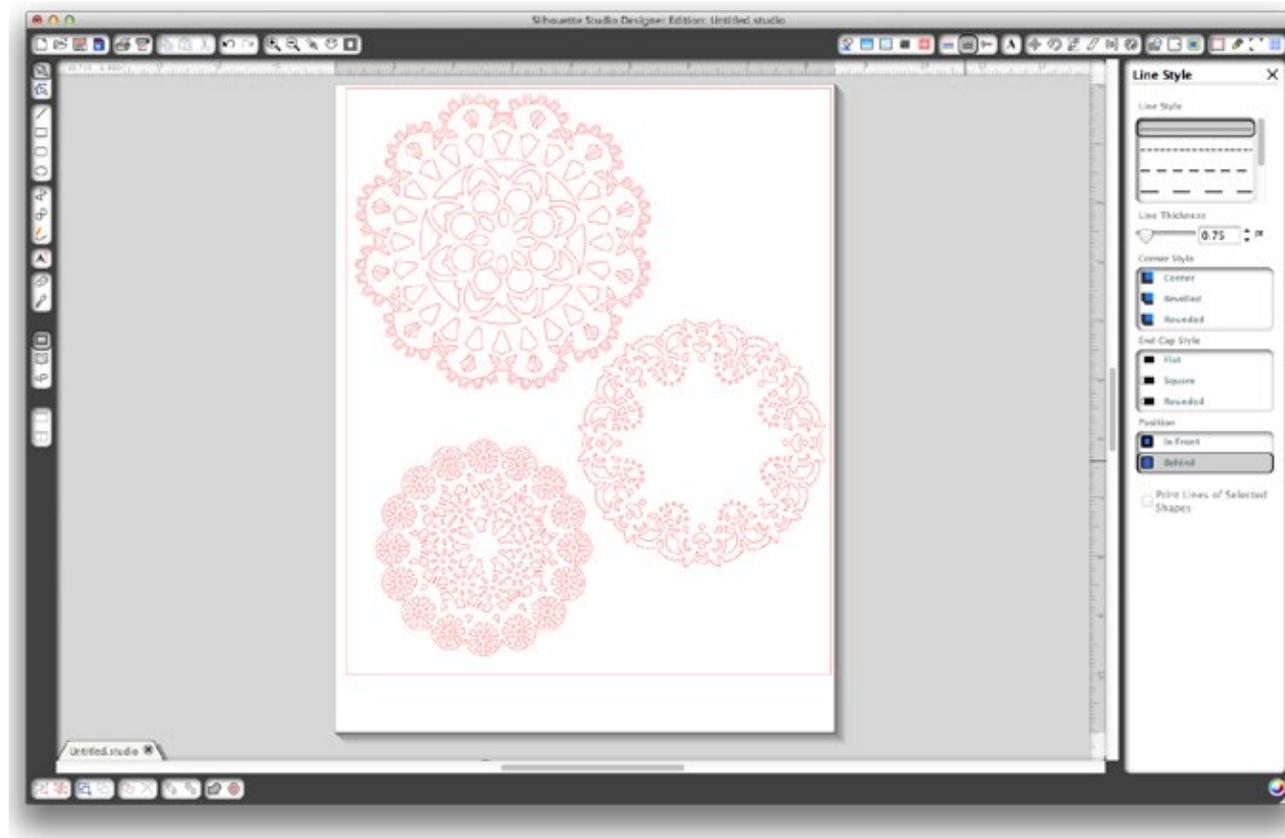

Silhouette Portrait™

Silhouette Studio®

- FREE software included with every Silhouette Portrait™
- Mac® and PC compatible
- contains powerful design tools to create your own shapes
- organize and store all your shapes in the Silhouette Studio® library

Silhouette Portrait™

The Silhouette Online Store

- Download new designs 24/7 from the Silhouette Online Store
- Choose from thousands of cuttable designs without having to buy a cartridge
- Most shapes are just 99¢ each

Silhouette Portrait™

What kinds of projects can I create with my Silhouette?

scrapbook layouts and cards

Cut titles, background designs, or shapes to embellish any scrapbook page or card.

rhinestone projects

Add some bling to your projects by cutting a template with your Silhouette Portrait™ and brushing Silhouette rhinestones into the design making them easy to layout and transfer.

Silhouette Portrait™

fabric ink projects

Create a screen printed look by cutting a stencil using the Silhouette Portrait™ and applying inks to your fabric projects.

Silhouette Portrait™

vinyl projects

Cut out intricate designs in vinyl and apply them to your wall, car, or almost any project surface.

Silhouette Portrait™

heat transfer projects

Create custom apparel, accessories, and home décor by cutting out heat transfer material and ironing your designs onto your fabric project.

Silhouette Portrait™

paper crafting

Create custom invitations, boxes, favors—even cupcake liners and doilies.

Silhouette Portrait™
